

## Lab 8

**Create a responsive web page of your college which includes information regarding Vision, Mission, Program specific outcomes, Courses Offered, Image gallery of events, Top Recruiters using Bootstrap only.**

| TAGS USED       | ATTRIBUTES USED        | DESCRIPTION                                                                 |
|-----------------|------------------------|-----------------------------------------------------------------------------|
| <!DOCTYPE html> | --                     | Declares the document as an HTML5 document.                                 |
| <html>          | lang                   | Defines the root element of the HTML document.                              |
| <head>          | --                     | Contains metadata, title and stylesheet information.                        |
| <meta>          | charset, name, content | Specifies character encoding and responsive viewport settings.              |
| <title>         | --                     | Defines the title displayed in the browser tab.                             |
| <link>          | href, rel              | Links the Bootstrap CSS stylesheet from the CDN.                            |
| <body>          | class                  | Contains all visible webpage content and uses Bootstrap background styling. |
| <header>        | class                  | Defines the header section and uses Bootstrap background,                   |

|           |                        |                                                                                                |
|-----------|------------------------|------------------------------------------------------------------------------------------------|
|           |                        | text, alignment and padding classes.                                                           |
| <img>     | src, alt, class, style | Displays the Marwadi University logo and provides alternative text.                            |
| <h1>      | class                  | Defines the main heading and uses Bootstrap font-weight styling.                               |
| <h2>      | class                  | Defines the department heading and uses Bootstrap heading styling.                             |
| <nav>     | class                  | Defines the navigation bar and uses Bootstrap background, alignment and padding classes.       |
| <a>       | href, class            | Creates navigation links to different sections and applies Bootstrap link styling and spacing. |
| <section> | id, class              | Defines separate webpage sections and uses Bootstrap container and margin classes.             |
| <div>     | class                  | Creates Bootstrap containers, cards, card bodies, rows, columns and alert components.          |
| <h3>      | class                  | Defines section                                                                                |

|          |       |                                                                                              |
|----------|-------|----------------------------------------------------------------------------------------------|
|          |       | headings and uses Bootstrap text-color and font-weight classes.                              |
| <p>      | class | Defines paragraphs and uses Bootstrap spacing classes where specified.                       |
| <ul>     | class | Creates an unordered list and uses Bootstrap list-group styling.                             |
| <ol>     | class | Creates an ordered list and uses Bootstrap numbered list-group styling.                      |
| <li>     | class | Defines list items and uses Bootstrap list-group-item styling.                               |
| <footer> | class | Defines the footer and uses Bootstrap background, text color, alignment and padding classes. |

## Final Outcome:

### Our Vision

*"To empower learners in Computer Engineering through quality education, advanced technology, innovation, ethical research, and industry-aligned training for global and societal impact."*

### Our Mission

#### Mission 1

Deliver quality Computer Engineering education through ICT-enabled pedagogies that foster critical thinking and lifelong learning.

#### Mission 2

Promote innovation, entrepreneurship, and problem-solving through hands-on projects and industry collaboration.

#### Mission 3

Foster ethical research and interdisciplinary learning to address global and societal challenges.

#### Mission 4

Equip students with technical expertise and a global outlook to thrive in dynamic technological environments.

### Program Specific Outcomes (PSOs)

**PSO 1**

**Application Development Proficiency**

Design, develop, and deploy web and mobile applications using modern tools, engineering practices, and professional standards.

**PSO 2**

**Research & Emerging Technology**

Apply and explore advanced technologies such as AI, IoT, Cloud, and Data Analytics for innovative and research-oriented computing solutions.

### Courses Offered

Bachelor of Technology in Computer Engineering  
(Duration: 4 Years / 8 Semesters)

|                              |   |
|------------------------------|---|
| Semester 1 & 2 (First Year)  | ▼ |
| Semester 3 & 4 (Second Year) | ▼ |
| Semester 5 & 6 (Third Year)  | ▼ |
| Semester 7 & 8 (Final Year)  | ▼ |

### Campus & Events Gallery
